Re: Invitation Letter

Dear Dr. Xin,

As a member of the State Key Laboratory of Agrobiotechnology, CUHK, I am writing this letter to invite you to visit our SKL at CUHK on September 25-30, 2018. During your visit, we could discuss our potential collaboration on plant polyploids study for crop improvements. In addition, it would be my pleasure if you could give a talk on the area of your research expertise.

I understand that you will be responsible for the expenses covering air-passage and accommodation during your stay in HK.

Please feel free to contact me if you have any problem, I look forward to meeting you soon.

Sincerely,

Danny W-K Ng
